MINI 100 PE AM/FM/SW Radio

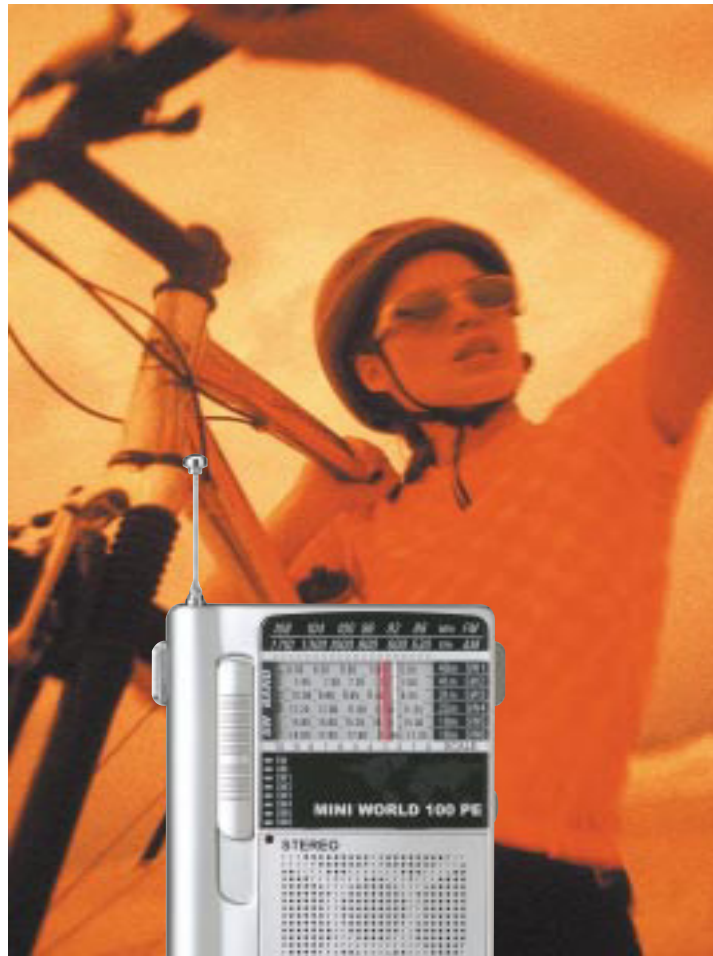

Meet Grundig's latest Marvel of micro engineering... the Grundig MINI 100 PE is the smallest world receiver ever from this prestigious maker. It fits in the palm of your hand. Yet it's powerful enough to pull AM, FM, and even FM stereo with the included earphones. Plus six international shortwave bands – this miniature marvel gives you global reach! Get your news straight from sources like the BBC or Voice of America. The radio comes with a soft protective pouch, a belt clip for hands-free listening, earphones, two AA batteries and telescopic antenna.

Get your news from the BBC and dozens of other sources. Hundreds of correspondents report directly to you, live from around the globe. That's the power of shortwave.

A perfect AM/FM radio for everyone!

The Mini 100 PE is small enough to fit into your pocket or purse... You can take it with you where ever you go... to the baseball game... Listen to the Play by Play from your favorite sports commentator... News or Talk Show from your favorite station going to and from work. Take it along on walks as a companion... or use it lounging around the house.

The Mini 100 PE keeps you informed on what is happening around the world ...
